Alexander Veselov, Katrin Wendland

The aim of the symposium is to bring together experts from various fields of mathematics and theoretical physics, where the ideas of integrable systems proved to be fruitful and led to a substantial progress.

Confirmed participants are:

Boris Dubrovin (SISSA, Trieste)
Giovanni Felder (ETH Zurich)
Edward Frenkel (Berkeley)
Iain Gordon (Edinburgh)
Mark Haskins (Imperial College London)
Claus Hertling (Mannheim)

Call for participation: The Hausdorff Research Institute offers visiting positions for the whole period of the trimester program (for senior scientists, Postdocs and PhDstudents). The deadline for application is April 30, 2011. Please send applications (including CV and, for Postdocs and PhD-students, a letter of recommendation) using our online application form (preferably) www.him.uni-bonn.de/integrability-in-Geometry or by email to the director of HIM, Prof. Dr. Matthias Kreck (kreck@him.uni-bonn.de). In addition numerous fellowships for shorter periods are available.
